

*BCL Board of Directors at the 48th AGM*

He also informed the assembly that the Company has earned a profit, both in local and foreign projects, breaking the trend of the last three consecutive years' loss.

The Mg Director expressed his satisfaction with performance and health of the Company. He thanked all his colleagues and announced a

dividend @ 500% of the paid up capital and a contribution of 1.00 million taka to the Employees Welfare Fund. The retiring Board of Directors was voted to continue for the next year.

The Board of Directors has been at a reduced strength for some times, one of the members having gone to retirement and the other on long leave till the mid-Sep 2017. The Mg Director informed the meeting that Associate Director Mr Kafil Uddin Ahmed was nominated for appointment as a Director. The recommendation was accepted by the assembly.

The meeting was adjourned and was followed by a dinner for all present. □

## IN THE COMPANY

**Muhammad Azhar Ali**, 70, obtained a post-graduate diploma (equivalent to Master) in Hydraulic Engineering (Land & Water Resources), from IHE Delft, The Netherlands in 1980 and a BSc Engineering (Civil) from BUET, Dhaka in 1967. He held many senior positions with BWDB rising to Additional Director General and, on his retirement in 2002, he joined BCL as an Associate in 2004. Engr Ali, a very quiet and pleasant person, is currently working as a Hydraulic/Drainage Engineer in an irrigation project leading BCL's team.

## CONGRATULATIONS

*We congratulate:*

**Engr Kafil Uddin Ahmed**, 61, for his elevation to the Board of Directors at BCL, which was announced at the Annual General Meeting of the Company held on 01 Dec 2016. With his professional career starting at BCL in 1981, Mr Ahmed was an Associate Director at the time of his promotion to a Director. He holds an MSc in Civil Engineering from the Patrice Lumumba University of Moscow and has to his credit 36 years of commendable service with the Company where he worked in many of the Company's star projects including the Jamuna and Padma Bridges and the country's major roads. We wish him God speed and deserving success.

**Dr Md Habibur Rahman**, 36, son of Sr Engr Md Korban Ali, PEng at BCL, obtained his post-graduate diploma in Orthopedics and Traumatology from NITOR (National Institute of Traumatology and Orthopedic Rehabilitation), Dhaka, 2016. Habib had earned his MBBS in 2005. He is presently a Lecturer at the Govt Medical College, Satkhira.
